

# Micro QHC+

## Table Counting Scale

The QHC+ Table counting scale offers the ability to quickly perform piece counting delivering speedy, accurate results. The scale includes a rechargeable battery, so it can be operated when mains power is unavailable.

Memory accumulation keeps track of amount totals, displaying the figures on a backlit 20mm LCD display that is readily visible in any lighting conditions. The scale's durable stainless-steel platform is easy to clean, while its large size accommodates a variety of container sizes. The scale features 3 displays that reflect Weight, Unit weight, and Count amount.
