Micro S-29(6/15)

Digital Stainless Steel Weighing Scale

Ideal for industrial, agricultural, and food processing facilities, the S-29 Digital Stainless Steel Weighing scale features an IP65-rated splash and dustproof housing and a large stainless steel weighing pan.

Precision load technology enables improved performance and greater efficiency during weighing. This scale is powered by an AC adapter or rechargeable battery, and auto power-off conserves battery life.

Features

- Capacity Dual Range S29(6): 0-3kg=1g 3kg-6kg=2g
- Capacity Dual Range S29(15): 0-6kg=2g 6kg-15kg=5g
- S.A.B.S. APPROVED (SA1513-AA3)
- LCD Display with Backlight (Tare, Zero, Unit select)
- Power: Rechargeable Battery / AC Adaptor
- Stainless Steel - IP65
- Top Plate Size: 230 x 190mm

Applications

- Weighing
