

TB 2.610-JB311

Triple Beam Balance Scale

These mechanical balances remain popular for field and lab applications. Sturdy metal housing and a stainless-steel weighing pan offer the stability needed for laboratory, industry, field, and school use.

The Triple beam balance provides simplified density and specific gravity determination. Notched, tiered, graduated beams with center reading ensure positive positioning.

Features

- Large, grade 304 stainless steel pan allows easy cleaning
- Magnetic damping slows pointer movement for faster readings
- Notched, tiered, graduated beams ensure positive positioning and accurate reading of results

Applications

- Weighing
