Preciso HTP312

Precision Balance (10mg)

HTP-1

Capacity: 0g – 3000g
Accuracy: 0,01g
Pan size: Ø130mm

HTP-2

Capacity: 0g – 3000g
Accuracy: 0,01g
Pan size: 17,5cm x 19cm

Technical Specifications:

- Display: High definition LED
- Power: 220 VAC
- Sensor: load cell
- Material: Cast aluminum and static resistant ABS, stainless steel weighing pan
- Preheating time: 10-30mins
- Stabilization time: ≤5s
- Linearity error: ±0.3g /±0.03g
- Preheating temperature: 20°C ±7.5°C (0.001g)
- Function: Print, Counting, Tare, Unit conversion,
- Auto-calibration (external calibration),
- Overload Indication,
- RS232 interface
