

Micro A12E S/S

Indicator

The A12E indicator is a fully stainless-steel entry-level indicator that can be dash or pole-mounted, with its stainless-steel housing providing an IP 65 rating making this scale ideal for dusty and splash-prone areas.

The large LED digital display makes this indicator viewable in most environments. The indicator can be used for simple weight-checking and the option of adding an RS-232 connection that will allow for printing functions.

Features
