

Micro T7E with Scoreboard

Micro T7E with 3- or 5-Inch Scoreboard

The T7E indicator is an entry-level indicator that can be a dash or pole-mounted, with its Industrial grade ABS housing and large LED digital display make this indicator well suited for industrial use. The indicator can be used for simple weight-checking and printing functions, with its large 51mm bright LED Display making this indicator well-suited for most environments.

The T7E Indicator has a built-in RS-232 connection that can be connected to a 6-digit 3- or 5-Inch display scoreboard that displays the gross weight displayed on the T7E indicator.
