

Mechatronic QAL DCS-H Series

Platform Scale

With a full user-friendly color-coded keypad that simplifies weighing and sample entry, the QAL DCS-H Platform scale is ideal for general-purpose weighing providing accurate repeatable weighing with its high-accuracy load cells.

Its lower capacities provide a compact design for tight spaces and its stainless-steel platform and pillar-mounted ABS indicator make this scale suitable for a wide variety of weighing applications and environments. The large backlit display is visible in most settings.
